Precision Pain Management

# Medical Cannabis

## ENROLLMENT PROCESS

Cannabis, known for its potential to relieve pain and reduce inflammation, holds promise for individuals coping with chronic pain. By interacting with the body's endocannabinoid system, it can influence pain perception, serving as an alternative or complement to conventional pain management strategies.

## GETTING CERTIFIED AT NURA

**There are currently no Minnesota insurance companies that cover medical cannabis treatment.**

### **Certification Cost**

- Schedule a qualifying medical condition appointment at Nura and pay a \$250 certification cost (cash, credit, or debit). Recertification is required annually and can be completed at Nura or with another healthcare provider. The recertification fee at Nura is \$200 and is required every three years.

### **Appointment**

- Before your appointment, complete the Patient Email & Acknowledgment Form available on the Office of Medical Cannabis website.
- After one of our healthcare practitioners certifies your medical condition, you will receive an email from the Office of Medical Cannabis containing a unique registration link.

## REGISTERING WITH THE OFFICE OF MEDICAL CANNABIS

### **Registration Application**

- Follow the link in your email to complete your application online. The approval process through the State of Minnesota may take up to 30 days but is often faster.

### **Annual Registration Fee**

- Minnesota no longer charges an annual enrollment fee to approve your cannabis registration.

## PURCHASING MEDICAL CANNABIS PRODUCTS

At Cannabis Patient Centers, there are multiple forms of medical cannabis available, including flower, pre-rolls, vaporized, edibles, and topicals. Learn more online at [health.state.mn.us/people/cannabis/index.html](https://health.state.mn.us/people/cannabis/index.html).

The cost of medical cannabis products varies based on the type and amount that is purchased. A pharmacist at the Cannabis Patient Center will review your account and recommend a medication.

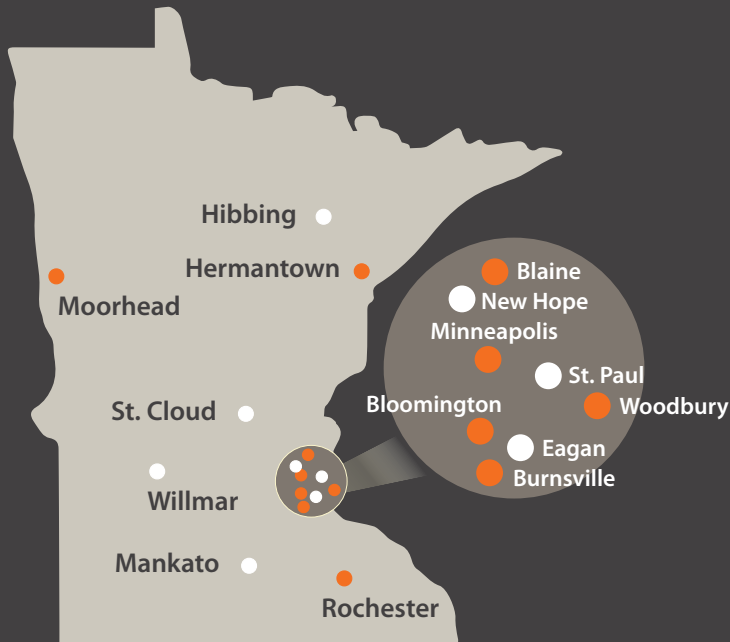

## MEDICAL CANNABIS CENTER LOCATIONS

There are cannabis dispensaries located throughout the state of Minnesota.
